

YES! I want to join World Vision One Child Campaign:
ONE CHILD CAMPAIGN
1,000 Child Sponsors in 100 Days

In 100 days, we need to find 1,000 new sponsors for children living in poverty. Children living in poverty face impossible choices every day. In Mongolia, these children either face death during the bitter winters when temperatures plummet to below -44 degrees Celsius; or risk their lives keeping warm in underground tunnels inbuilt with hot water pipes that are in danger of exploding anytime.

In India, imagine having to choose between drinking disease-ridden water or not drinking it and risking death from dehydration. It doesn't bear thinking about. Yet, children in the poorest regions of the world face this kind of appalling dilemma every day.

World Vision's Child Sponsorship Programme helps provide children with food, clean water and shelter, education, healthcare they deserve. Partner with World Vision today and YOU can help give a child a chance at life!
