GIFT CATALOGUE 2021/22

**JOIN US IN A JOURNEY  
LIKE NO OTHER...**

Bring gifts of hope around the world.

# WELCOME ABOARD!

This Christmas,  
take a journey around the world,  
to see it through the eyes of children like me...

In the mountains, the villages,  
the slums and streets,  
the refugee camps, the wilderness,  
the disaster zones in need.

Each one of us has a story to tell.  
Our hopes, our dreams and the cards we have been dealt.

Even though there are millions like me,  
there are millions more like you,  
who are the reason our homes are warm,  
and hearts are happy every Christmas season.

In times when travel is constrained and all of us are making the most of staying home, we invite you to embark on a meaningful expedition with us. Through this year's Gift Catalogue, let us take you to the places we have boldly stepped into and meet the children who need our help the most. We are excited to have you on this life-changing journey, as we bring hope around the world together, one gift at a time.

Gratefully in partnership with you always,  
World Vision Singapore

Send life-changing gifts to vulnerable children around the world! Choose the gifts you would like to send, and mail the response form at the back of this catalogue to us using the enclosed business return envelope. You can also make your donation online at [www.worldvision.org.sg/gifts](http://www.worldvision.org.sg/gifts) or by scanning this QR code!

# THE MOUNTAINS

I am Hari, 10 years old. This is my world.

My village is beautiful, with high valleys and trees all around me. But it is not as developed as the places I have read about in my textbooks. Everything is quite far away from me – water, school, the hospital, and better-paying jobs for my mother.

*I hope for a day when everything my mother and I need will be within our reach. There are millions more like me.*

## DID YOU KNOW?

Many of these businesses move on to hire fellow villagers, thus helping to build the community as a whole.

## WE ARE CHILDREN IN THE VILLAGES LIVING IN RURAL AND REMOTE PARTS OF THE WORLD.

From covering long distances to school, to waking up at night to access water from remote sources, to studying under a torchlight, and going to bed with empty stomachs – we face harsh realities every day. With little to no access to life's basic necessities, we are at risk of succumbing to poverty.

### VIETNAM

**YOUR GIFTS WILL ENSURE THE CHILDREN DO NOT FALL BEHIND AND WILL TRIUMPH OVER THEIR CHALLENGES.**

# GOOD HEALTH, GOOD LIFE

In the absence of healthcare facilities and safe water systems, illnesses are free to wreak havoc in the lives of families, bringing much heartache and draining already strained finances. You can help children to steer clear of preventable diseases, and live fuller lives by building up healthcare infrastructure in their schools and villages.

**NEPAL**  
ID1517

1 menstrual hygiene kit for an adolescent girl  
**\$60**

# BRIGHT FUTURES

Once education is given to children, no one can take it away from them. It creates pathways to a lifetime of higher wages, empowering them to develop into adults with the ability to make better decisions for their families. When you provide children with an education, you invest in the the futures of generations to come.

**VIETNAM**

Set up rest rooms for unwell female students on their periods  
**\$150**

# VISION OF A VILLAGE

## WAZIPUR, BANGLADESH

Wazipur is a hotspot for disasters like earthquakes and landslides. Heavily dependent on agriculture, families living here are constantly at risk of losing their source of food and income in an instant when disasters strike. This leaves children vulnerable to child labour and child marriage, especially when many in the community do not understand the value of education.

Papa has little work,  
so we have little food.

ID1525

Help 100 vulnerable  
children develop life skills  
and resilience

\$280

ID1524

A share to transform  
an entire village in  
Bangladesh  
\$1,845

ID1528

feeding and caring practices

\$65

ID1526

9 ducks and livelihood  
training for a vulnerable  
family

\$150

ID1530

Establish protection  
initiatives against child  
violence, child marriage  
and exploitation

\$300

YOUR GIFTS WILL PAVE THE WAY FOR THE  
COMMUNITY TO RAISE HEALTHY, HAPPY  
AND HOPEFUL CHILDREN.

# THE SLUMS AND STREETS

I am Bristy, 11 years old. This is my world.

The shrimp depot is where I work – the long hours are tough on my body, making me ache all day. I quit school to help my mother, who is struggling. I do not know where my father is. We live in a tiny house, surrounded by trash. Foul smells fill the air, puddles of dirty water cover the ground, and we have to join snake-like queues to use shared toilets. Life in the slums is a nightmare.

When I see children walking to school in their uniforms, my heart aches. I hope I can be in a classroom someday. There are millions more like me.

# WE ARE CHILDREN IN THE CITIES

## LEADING LIFE IN PLACES UNFIT FOR HUMAN HABITATION.

Stuck in appalling living conditions, neither right nor just for us, the risks we face are life-threatening. Living from hand to mouth, our families lack even the most basic amenities and opportunities. Our health jeopardised, education hampered, and potential thwarted, we have little chance to reach our full potential.

**MULTI-COUNTRY**

ID1531

Help needy children  
in the cities

# SAFE HAVEN IN RED-LIGHT DISTRICTS

Growing up in brothels, the daughters of commercial sex workers face a similar fate as their mothers. Danger lurks in every corner - human trafficking, sexual exploitation and violence. Our child-friendly centres in these places are safe spaces for children, helping them envision a way out of their circumstances.

**INDIA**  
**ID1532**

A share of remedial education, psychosocial support and meals for 80 at-risk girls in red-light areas  
**\$350**

## DID YOU KNOW?

Millions of children in India remain 'invisible' - their births never officially registered. The lack of legal identity denies them their basic rights. E.g. admission to certain schools, government service, voting, etc.

**INDIA**  
**ID1533**

Birth certificates for 15 unregistered kids living in red-light areas  
**\$60**

**INDIA**  
**ID1534**

Reintegrate a youth survivor of sex trafficking through vocational training  
**\$620**

# DASHING TOWARDS GOOD HEALTH

Malnutrition kills but it can be nipped in the bud. Children living in overcrowded slum areas are even more vulnerable due to the scarcity of resources and lack of health knowledge. You can provide wholesome meals to a malnourished child, educate a mother on healthy feeding practices, and train a health worker to regularly monitor the growth of children.

**PHILIPPINES**  
**ID1535**

Train community health workers in infant care  
**\$50**

4-year-old Jomar is no longer a sickly child who is underweight. Together with 17 other toddlers, he graduated from World Vision's Nutrition Programme and celebrated his journey out of malnutrition.

**PHILIPPINES**  
**ID1536**

A share to feed and regularly monitor 800 malnourished kids in slums  
**\$150**

**PHILIPPINES**  
**ID1537**

A share of breastfeeding awareness and kits for 700 new mothers in slums  
**\$100**

# CHILD, NOT A LABOURER

Child labour deprives children of their childhood, potential and dignity. Dangerous work and unreasonable hours can take a toll on their young bodies. Without education, there is little chance they will ever take the steps towards their dreams. Your gift will ensure the only weight they carry on their shoulders are their school bags.

**BANGLADESH**  
**ID1538**

Emergency medical treatment for 50 child labourers  
**\$600**

# EDUCATE, EQUIP, EMPOWER

A cycle of poverty persists in impoverished communities in slums because a child carries bricks instead of books. A youth is left idling on the streets with no one to believe in his or her potential. Parents lack job opportunities to provide for their family. A hand-up with tools and resources is what they need to build resilience, and pull themselves out of poverty.

**PHILIPPINES**  
**ID1540**

Books and mentored reading sessions for 8 kids in slums  
**\$180**

**PHILIPPINES**  
**ID1541**

A share to help 100 children withdraw from child labour and go back to school  
**\$80**

**BANGLADESH**  
**ID1542**

A rickshaw and skills training for a struggling parent to support the family  
**\$400**

# THE CAMPS

I am Fadi, 15 years old. This is my world.

The day the war came, it made my home a devastated town piled with rubble. There was fighting everywhere. Terrified, my family and I ran out of our home and got caught in an airstrike. In a single moment of violence, my world changed forever.

**WE ARE CHILDREN IN CRISIS**  
**LIVING IN SOME OF THE WORLD'S**  
**MOST DANGEROUS PLACES TO BE A CHILD.**

War and violent conflict have taken everything we own from us – our homes, schools, family and friends. The list goes on and on... We fled our homes, leaving everything behind. We have walked miles in the cold, the mud, and the rain to find refuge. Yet, there is no place where we are completely safe.

## CALM AMIDST THE CHAOS AFGHANISTAN

Decades of war, displacement and prolonged drought have taken a heavy toll on the children of Afghanistan. With the recent change in power within the country, fear and humanitarian needs are at record level. Through it all, Afghan children have dreams - for their country, their safety, and their future.

ID1544

Help meet urgent needs of Afghan children affected by multiple crises

**\$150**

*"History has shown that the resilience and fortitude of the Afghan people is extraordinary... They are now at their most vulnerable and we cannot abandon them."*

Asuntha Charles, National Director,  
World Vision Afghanistan

## ROAD TO RECOVERY PHILIPPINES

Mindanao is home to some of the most fragile communities. A history of armed conflict and sporadic clan fighting have disrupted countless childhoods. The impact of conflict lingers even after it ends, leaving lasting scars, especially on children.

ID1545

A share of child-friendly spaces in 10 schools for conflict-affected children to recover from trauma

**\$800**

ID1546

Educate out-of-school youth via Alternative Learning System

**\$300**

## ETHIOPIA

An outbreak of locusts destroyed the crops children and families relied on for their food and livelihoods. On top of this, in the midst of the pandemic, unrest has broken out in northern Ethiopia, forcing tens of thousands of families to flee their homes. Children have hidden in the forest for days without shelter, food or medicines before they could reach safety.

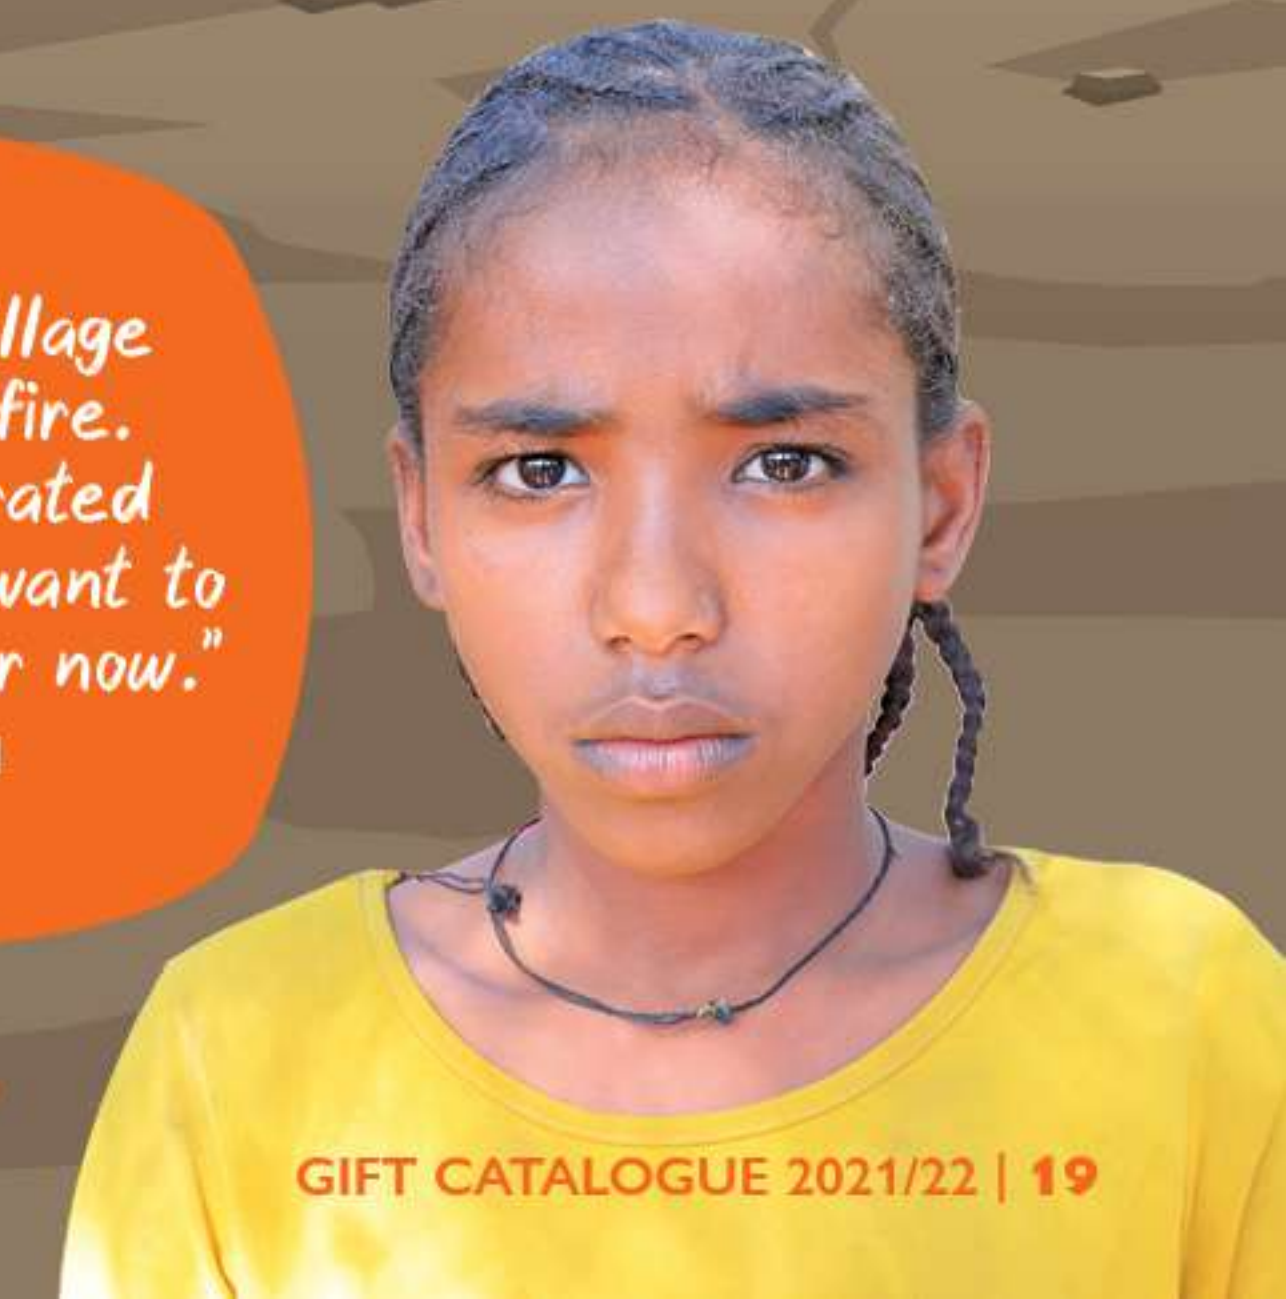

ID1547

A share of emergency aid for displaced families

**\$60**

*"We ran from our village once we heard gunfire. My father got separated from us then. I just want to eat and hug my father now."*

Samrawit, 14 years old

# JOURNEY TO WHOLENESS

## MYANMAR

Ongoing conflict and instability have exposed children in Rakhine state to physical and emotional trauma. Caught between violent clashes, they have become victims - injured or killed by crossfire and landmines. With limited access to food, livelihoods, and basic necessities, 78% of the Rakhine population live in poverty.

ID1548

Educate 50 parents on positive discipline to prevent violence in homes

\$170

ID1549

A share to set up child protection systems in 12 villages

\$350

ID1550

Water filters and water storage for 20 needy families

\$500

"Our village was shelled whenever clashes occurred. Children often brought home unexploded landmines out of curiosity. After having Mine Risk Education, they know of places to avoid and inform adults when they see these things."

Aye, 38, Child-Friendly Space community worker

ID1551

Livelihood support for 5 families affected by conflict

\$120

ID1552

Educate children from 12 villages on landmine safety

\$150

ID1553

Hygiene education and handwashing supplies to prevent the spread of diseases

# THE WILDERNESS

I am Musimbi, 11 years old. This is my world.

The rains did not come, and my parents lost all their crops. Weak and sick, my sister no longer plays. It makes me sad when she cries for food. I do not like it when there is no food at home, but my parents tell me there is no money to buy food.

*I wait for the day when the rains come, because we will have food again. There are millions more like me.*

# WE ARE CHILDREN OF CLIMATE CHANGE

## LIVING IN PLACES MOST IMPACTED BY ITS EFFECTS.

Our rivers are drying out, lands are becoming barren, animals are diseased, rains are no longer predictable, and our families are losing their livelihoods. We have to walk miles to find water. We have to go days without food. It is difficult to concentrate in school because our parents' poor harvest is barely enough to satisfy our hunger.

# LEND A HAND, SAVE THE LAND

Degraded lands and erratic weather are affecting even the most experienced farmers. Many farming communities feel powerless and are faced with having to leave their land because it can no longer support their families. You can help farmers to regenerate trees on their land and work harmoniously with their environment to produce food all year round to feed their families.

**PHILIPPINES**  
**ID1555**

**\$80**

**DID YOU KNOW?**

Abaca's biodegradable ability makes it a great alternative to plastic. Converting its fibers into eco-friendly products, poor indigenous communities in the Philippines can earn more to provide for their families and also combat plastic pollution.

**PHILIPPINES**  
**ID1556**

Plant 100 Abaca tree seedlings for eco-friendly materials and to absorb carbon dioxide  
**\$130**

**PHILIPPINES**  
**ID1557**

**\$175**

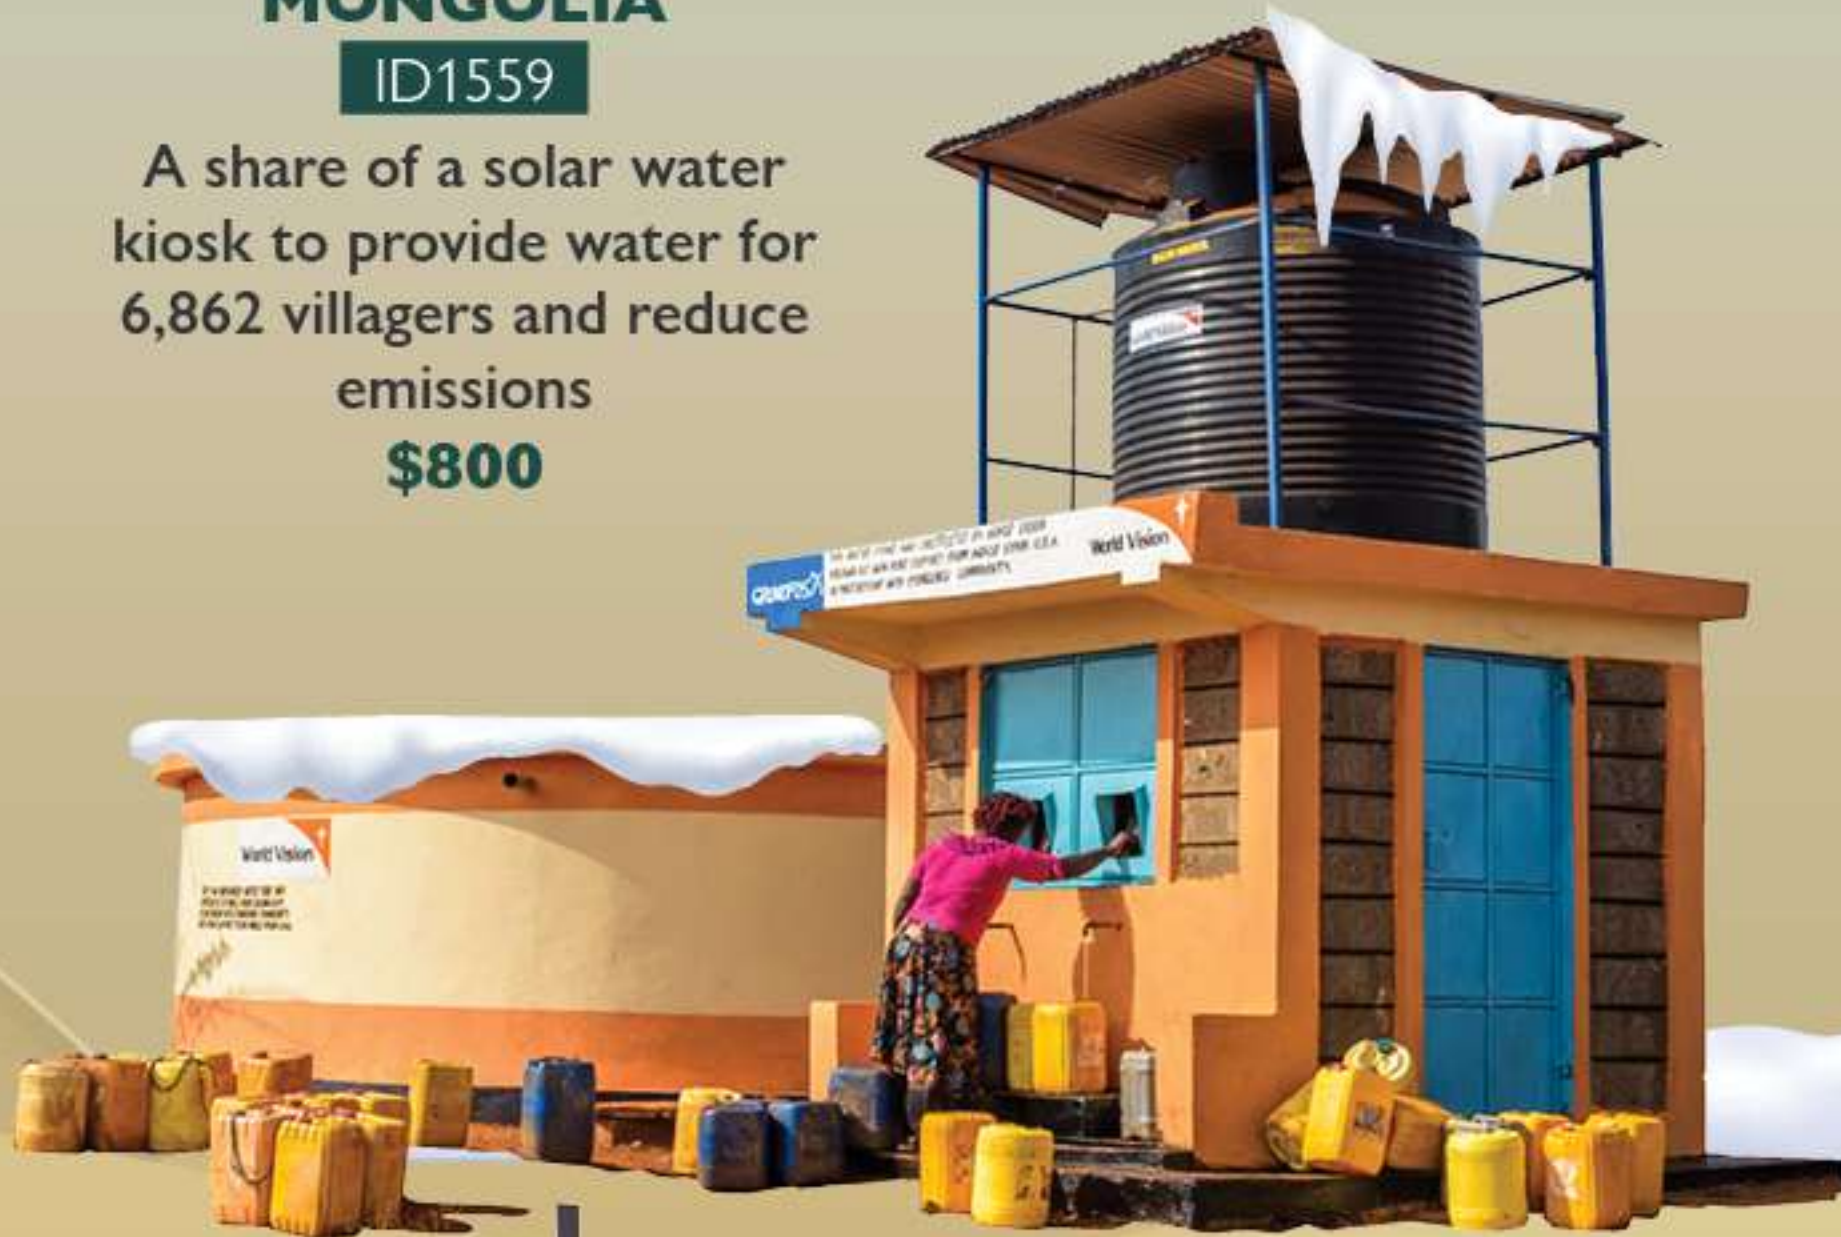

# BE THE SOLUTION TO POLLUTION

Winters are getting colder and the air is more polluted now in Mongolia. Coal burning for electricity, heating systems, water and sanitation have become health hazards. For poor families living in Gers (a traditional round tent), coal is all that they can afford to survive the cold. One family burns up to two tons or more every winter, releasing massive amounts of thick smoke into the air.

**MONGOLIA**  
**ID1559**

A share of a solar water kiosk to provide water for 6,862 villagers and reduce emissions

**\$35**

# THE DISASTER ZONE

I am Soni, 11 years old. This is my world.

A rented one-room hut is where I live with my mother and siblings. During monsoon season, water leaks in from every corner. Once, our tin roof was blown off during a windstorm. My mother wanted to move to a safer place where we could sleep without fear, but COVID-19 crushed her hopes. The money she makes is just enough for rent and food.

# THE GOOD HOOD

I am Rolly, 10 years old. This is my world.

My life, my village and everything changed when I became a sponsored child. Fresh and clean water is right outside my house. My siblings and I have all the school supplies we need. My mother makes enough money from the pig farm she started and we get to eat delicious meals, three times a day. When the pandemic hit and we could not go out, the food and cash vouchers kept my family going.

*With this sponsorship and the support of people around me, my family and I have become more hopeful. There are about 3 million sponsored children like me around the world.*

# THE GIFT OF CHILD SPONSORSHIP

By sponsoring a child, you can be the reason they have hope for a brighter future, instead of fear of an uncertain tomorrow. World Vision's Child Sponsorship programme addresses the root causes of poverty and brings about long-lasting solutions so that children all over the world can have a new chance at life.

# LIVES TRANSFORMED FOR GOOD

A unique connection stemming from the heart to create change in a child's life, Child sponsorship sows the seeds of hope and belief in a better tomorrow for sponsored children and sponsors.

"I am lucky to be a sponsored child. My sponsor has supported me tremendously the past 11 years and the sponsorship programme has also helped to relieve my family's burden. If I was not sponsored, I would not be where I am today."

Suttaya, a sponsored child from Thailand in his second year at university

"I want to give the same opportunities and privileges, like what I have received back then, to other children in need. I have become what I am now because someone decided to help others by becoming a child sponsor. Now it's my turn to give back."

Ana, a former sponsored child.

Today, she has grown to take the role of a sponsor, in hopes of being a blessing to vulnerable children, just as her sponsor was to her.

"Seeing my sponsored child's maturity and optimism when I first met him was really heartening. I decided to sponsor him as I wanted him to know that he is not alone to face the challenges ahead. I hope to continuously encourage and spur him to achieve his goals through the letters we frequently exchange!"

Patrick, child sponsor since 2010

"Being a sponsor is an enriching experience, it's not just the children who benefit. I, too have gained much. I believe knowing that there's someone out there who cares for them, who is willing to share experiences with them and wanting to be a part of their lives is what makes a real difference and gives these children hope and a sense of dignity."

Faustina, child sponsor since 2014

# ORPHANS

The United Nations defines an orphan as a child who has lost one or both parents. Orphaned children who have lost, or have been abandoned by, one or both parents are especially vulnerable to the effects of poverty. They face grief and loss at a very young age. Your sponsorship will bring much-needed hope and love to them.

# SURVIVING VILLAGES

Weighed down by conflict, abuse, exploitation, stress and trauma, children in surviving villages\* such as South Hebron in West Bank are forced to endure realities no child should ever go through, trapped in an unending cycle of poverty and despair. Your sponsorship can equip these children with a better chance at life by creating better access to life's necessities and empowering them with opportunities to break the cycle of poverty.

# NEW COMMUNITIES

Often more premature in terms of their development, new communities such as Wazipur in Bangladesh and Sambour in Cambodia, face many challenges such as a lack of the most basic needs, infrastructure and access to services. Children here are especially vulnerable and your sponsorship will ensure their community is equipped to nurture, protect, and provide for them, so that they may live life in all its fullness.

# FAITH IN ACTION

Jesus is our one true inspiration. His words in John 10:10, "I have come that they may have life, and have it to the full", are what we are striving for all children to experience – life in all its fullness, with their God-given potential fully realised.

To achieve this ministry goal holistically, we work to empower boys and girls, families and communities to create a safe and nurturing environment.

*Train up a child in the way he should go; even when he is old he will not depart from it.*

A PROMISE THAT KEEPS THEM GOING

Become a part of our community of monthly givers and journey with us, as we deepen our commitment to the most vulnerable children, including those living in some of the world's hardest-to-reach places.

Your monthly giving allows us to keep serving the poorest and most vulnerable, making long-lasting impact in their lives. As a regular supporter, progress reports will be shared with you via email twice yearly, so you can be assured your contributions are continually making a difference.

Note: In the event we receive more donations to buy gifts for a particular cause or community than needed, World Vision will channel the funds to make up for the shortfall in donations for gifts to children in other countries. According to Singapore's charity regulations, the total expenses incurred in a financial year must not exceed 30% of total donations collected through the public appeals. At World Vision Singapore, we streamline our operations for maximum impact for vulnerable children and have kept our expenditure to 15.6% of total funds raised in FY20.

Privacy Policy: By providing the information set out in this form, I/we agree and consent to World Vision Singapore, as well as its representatives and agents (collectively, "WVS") collecting, using, disclosing and sharing amongst themselves my/our personal data provided above as well as in the records of WVS from time to time, and disclosing such personal data to WVS authorised service providers, and relevant third parties for purposes reasonably required by WVS to process my donation to WVS. Such purposes are set out in a Data Protection Policy which is accessible at https://www.worldvision.org.sg/privacy-policy or available upon request and which I/we confirm I/we have read and understood.
